# Danish AUDIO professionals

MIIEGO® is an award-winning Danish brand founded in 2010 by sound enthusiast Christian Jeppesen and former professional athlete Anders Nøhr. From the beginning, the entrepreneurial duo had a clear goal: to create the best sound quality for all kinds of activities - indoors and outdoors,

From this vision Miiego's design philosophy was born, and today MIIEGOs products combine the best of Danish audio and acoustic expertise with innovative functional design in products designed for use at home and on-the-move that can withstand sweat, rain and the harsh Scandinavian climate.

The MIIEGO® brand is fully dedicated and specialized in audio products and has won more than 100 tests, product awards and prizes in recent years from renowned Nordic and International sports and design publications such as Ironman, Women's Running, RedDot Award, ISPO Award and iForm.

The MIIEGO® brand is now sold worldwide and has a huge number of loyal fans and followers, both online and offline. Many athletes have MIIEGO® as their favorite audio brand, so don't be surprised the next time you get on the bus or go for a run. Suddenly you notice the subtle M-logo of MIIEGO® displayed on the person next to you who hears music and has a big happy smile on his face.

Let the music play...

# A<sup>X</sup>TIVE SPEAKER SERIES

## BY MIEGO®

The new **aXtivate speaker series** by MIEGO® is an exclusive **indoor/outdoor** range of WIRELESS SPEAKERS from **MIEGO®**.

The aXtivate series consist of **Bluetooth®** speakers in different sizes. They are built to be **waterproof** and to be used **on-the-go** or just **at home**, as they will joyfully **play your favorite music anywhere** - both indoor and outdoor.

The speakers are designed with a strong and solid construction, and with an **unbeatable sound** and bass experience that will impress both your friends and neighbours!

Each speaker model can be **wirelessly stereo paired** (TWS) with another unit of the same model to get a full and rich **3D Surround Sound** experience.

## INFO ABOUT MIEGO® EAR CUSHIONS

MIEGO® offers different **changeable** ear cushions for the BOOM by MIEGO® series.

Choose your favourite:

### COMFORTABLE PU LEATHER EAR CUSHIONS

(standard)

- Durable and very comfortable with soft quality foam.
- High isolation/sealing effect.
- Intense and deep bass for a detailed and listening/music experience.
- Great for everyday and everywhere use; Pop, rock, classic, electronic music.
- **These cushions are used for logo customization.**

### WASHABLE MIEGO® SPORT EAR CUSHIONS

(included with all BOOM headphones)

- Breathable and light weighted special mesh fabric cushions with cooling effect.
- Low/Medium isolation effect.
- Medium intense and direct sound representation with good sound balance.
- Great for training, fitness and all round use. Prevent warm ears.
- Fast-drying and can be rinsed or washed.
