OUR PRODUCT DEVELOPMENT

At Wally and Whiz our main focus is the extraordinary tasting experience. Our gourmet winegums are always build up in two complimentary layers: The inner winegum and the outer coating. The flavour combination of the two layers are carefully selected to challenge your tastebuds in an innovative way, and thereby creating a sweet and exclusive tasting experience.

SIGNATURE

In our Signature editions we work with some of the worlds most talented Michelin Star Chefs in the development of new flavours. The profit from our Signature edition goes to charity. The profits from this year's Signature Edition, which we have made in collaboration with Claus Henriksen from Dragsholm Slot, supports Children's Welfare (Børns Vilkår).

**This catalogue presents our range for 2021 and is composed of our classic best sellers and new exciting products and flavours. We will separately send out catalogues for the seasons:
